COLUMBIA, KENTUCKY, WEDNESDAY, DECEMBER 3, 1919.

NUMBER 6.

An Interesting Masonic Meeting.

Last Saturday night Past Grand Master Jas. Garnett, of Louisville, whose membership is here, met with Columbia Lodge No. 96 F. & A. M. and delivered an address upon the subject of building a new Masonic Home for the widows and orphans of Kentucky Masons, in the city of Louisville. The Board of Directors, of which Bro. Garnett is a member, has figured the expense of a building that the constantly increase of inmates demands. One million dollars is the amount that is to be put up by Kentucky Masons, and it will doubtless be raised. Bro. Garnett is familiar with all the details of the present home, from the time it was established, in 1886, to the present. The growing increase of inmates necessitates a more commodious building, and the speaker told of these necessities in a most interesting manner. The various lodges of Kentucky must meet the expense of such a building.

The address of Bro. Garnett appealed to all the Masons present, and when the roll was called each one answered with a subscription, running in amounts from \$20 to \$250, the sum subscribed on Saturday night footing up \$1455. The subscriptions are to be paid in five installments. The \$1455 given on Saturday night will be largely augmented, as there are about forty members of Columbia Lodge yet to see.

We take it that all the lodges in the county will want to subscribe, as we are bound by our obligations, to care for the widows and orphans. As quickly as possible this matter will be presented to all the lodges of Adair county.

The law requires each owner of a dog to apply to the County Court Clerk's office on or before Jan. 1st, in each year and pay the dog tax. Up to this date there have been listed with the Assessor 1,800 dogs and only 160 people have paid the dog tax. Please remember the Clerk cannot issue the License within two or three days.

Respt.,

S. C. Neat, Clerk A. C. C.

New Cashier.

Mr. Walter McKinney succeeded Mr. J. N. Meadows, deceased, as cashier of the Bank of Jamestown. Mr. McKinney has been the assistant cashier of said bank for a number of years. He is a very efficient business man, who is known throughout the country as a gentleman of the highest character, one who does business accurately, and is exceedingly polite to customers. The directory could not have found a more suitable man for the responsible position. Mr. F. F. Cook and Jo McFarland, two good men, are Mr. McKinney's assistants.

A long yearling stray helper is at my house. The owner can have same by paying feed bill and for this advertisement.

An Inviting Place.

The store of Nell & Cheatham is now full of goods suitable for Christmas presents. It is perhaps the largest stock of this character of goods ever opened in Columbia. Much of it is now on display, and if you do not see what you are looking for, call for it. There are goods suitable for presents for both the old and young, hence all can be satisfied. For the children, there are hundreds of pounds of stick and fancy candies, and all kinds of toys. Remember the place, Nell & Cheatham, the firm that handles in large quantities.

In making the drives for funds the various churches are called upon to raise, you hear some members say, "we can not pay that amount. It is too much." Say the amount is \$10,000 for a local church. They start to raise it, and in twenty minutes more than half the amount is subscribed. You never know what a church can do until it tries an effort.

A Trip Through the Bluegrass.

G. M. Stevenson and wife in company with A. B. Collins and wife, left for the Bluegrass country on the 21st of November. They left at nine o'clock, by the way of Campbellsville, Lebanon, Danville, Lexington to Winchester, arriving in Winchester at 5 p. m. We spent the night with Mrs. G. W. Perryman and daughter. She is the widow of the late Dr. G. W. Perryman, who was a brother of Mrs. Collins. They are quite comfortably situated in their new eight room brick bungalow. Mrs. Perryman is an accomplished lady. She told a great deal of Dr. Perryman's pastorate work, and his campaigning Tennessee and Virginia in interest of prohibition, which he was a great factor in winning prohibition in each State. George, as his people in his native county called him, was a great man. Next morning, in company with Mrs. Perryman, drove over the beautiful city, and out to the city cemetery and visited Dr. Perryman's grave. Left at 11 a. m. for Georgetown, by the way of Lexington, arriving at Georgetown at 12:30. Then in company with Guy Stevenson drove over to Frankfort. After viewing the old capitol building and its grounds, Mr. Oyle Taylor accompanied us to the new capitol building, showing and explaining the wonderful things and structure of the magnificent State buildings. We then went back to Georgetown for the night. We left the next morning at 9 o'clock, by the way of Lexington and High Bridge. We arrived at High Bridge at eleven o'clock and spent three hours there taking in the wonderful scenery. We left at 2 o'clock. Came through Harrodsburg and Perryville. Arrived at Campbellsville at 6 o'clock. Spent an hour there and reached Columbia at 8 o'clock. This great trip, through the most beautiful country, was made in the little Overland Four, with perfect ease.

A Splendid Sermon.

One of the most interesting, scholarly and helpful discourses delivered in this town in many years, was preached by Rev. R. V. Bennett, pastor of the Methodist Church, in the Christian church, last Sunday forenoon. It was the fifth Sunday and a Union service for all the Churches. There are sermons and sermons, but a discourse that counts, is one that all eyes are upon preacher while it is being delivered, and at the conclusion you know that you have been listening to a teacher of the Word.

A great communion service was enjoyed in which there were over one hundred and fifty participants.

The vision of the great victory of the church and the final triumph of the Lord Jesus was caught by the audience, as was manifested in their singing of the final song, "Jesus Saves."

This week only, 5 per cent off on all purchases of \$1.00 or more at Farmer's Union Store, Cane Valley.

There will be a meeting at Zion next Sunday at 11 o'clock. All the Church members are requested to be present, and the public also. A matter of importance is to come before the Church body.

Mr. Gordon Montgomery will address the members of Tappan Masonic Lodge, at Cane Valley, next Saturday evening at 7 o'clock. Every member is requested to be present. It is important.

Born, to the wife of Orisman Powell, November 26, a daughter.

The interment was at Oakwood Cemetery, Chicago. He spent thousands of dollars, visiting watering places and also made a trip to Europe, hoping to gain his health.

Six O'clock Dinner.

On Friday evening, Nov. 28th, Mrs. Woodruff Flowers and Mrs. Allen Walker were hostesses at a beautifully appointed dinner at the home of M. S. Walker on Greensburg St. The tables were artistically decorated with yellow Japanese chrysanthemums and the color scheme, yellow and white, was carried throughout the delicious menu.

Misses Mary Winfrey and Eva Walker assisted in the hospitalities. The evening was greatly enjoyed by the following guests: Mesdames Gordon Montgomery, G. F. Stults, C. M. Russell, W. B. Patterson, A. D. Patteson, W. A. Coffey, Geo. Staples, W. R. Myers, Eris Barger, O. P. Miller, Fred Hill, J. L. Walker, L. C. Hindman, Bruce Montgomery, David Jones, Daisy Hamlett, and Misses Minnie Triplett and Sallie Baker.

Hotel Changes Hands.

The first of last week Mr. Elsey Young and Col. L. T. Neat, of this place, purchased, of the stockholders, The New Merchant Hotel Campbellsville. The consideration was close to \$18,000. The property is considered cheap at that money. Col. Neat and his estimable wife will remove to Campbellsville and take charge of the business between now and the first of January. They are both experienced hotel people, and no lady in Kentucky can discount Mrs. Neat in looking after culinary affairs. The best the country affords will be purchased, and it will be seen that it is prepared in a palatable manner.

Mrs. Lena Paul, of this place, submitted to an operation in the Deaconess Hospital, Louisville, last Wednesday. The news from her bedside is, that she is doing nicely, and will probably be able to return home in ten days or two weeks.

All Royal Arch Masons are requested to be in the hall this (Tuesday) night at 6:45 o'clock. Degrees to confer.

Goes to the Bank of Columbia.

Mr. John Rose, a young man who was reared in the Western portion of Adair county, and who went to France and distinguished himself by participating in fifteen battles, has accepted a position with the Bank of Columbia, his services to begin the first of January. He is a young man of attainments, whose habits are correct, and is popular with all who know him. His every day life marked him as a suitable gentleman for the responsible position which was tendered him. His associates, who speak in the highest terms of him, say that he will be a valuable acquisition to the Bank and also to the town of Columbia.

The Collens Company will give the first number of the Lyceum Course Wednesday evening at 8 o'clock at the Paramount Theater. People are urged to buy season tickets from the sellers who will pass around.

Thanksgiving Services.

At Thanksgiving services Eld. Z. T. Williams truthfully said it was a shame that the church was not crowded with people. The fact is, that there is dirth in church attendance in this town. We could name dozens whose names are on the church roll that are very seldom seen in any house of worship. They set a bad example to the rising generation. The sermon delivered by Rev. R. V. Bennett on this occasion was well worth hearing and the song service was delightful. The solo rendered by Mrs. M. F. Turner, was beautiful and the playing by Mrs. C. M. Russell and Mrs. R. V. Bennett, was charming.

Be sure and be at the Paramount Theater next Wednesday evening at 8 o'clock. The Lyceum Course opens.

A Big "Sing."

On Dec 4th, at 7 p. m., there will be a Big Community "Sing" in Columbia, under the direction of District Secretary, Mr. R. W. Raaf, whose headquarters are at Lebanon.

The Y. M. C. A., is putting this on all over the State. Everybody invite and equally interested. It will be at the Methodist church at 7:30. Familiar songs, religious and patriotic will be used.

Surprise Wedding.

Mr. Lawrence Crandell, of Florida, and Miss Georgia Faulkner of this place, were married last Saturday night at the L. W. T. S. Dormitory by Rev. R. V. Bennett. The groom is a grandson of the late 'Squire John Eubank, the bride a daughter of Mr. and Mrs. T. C. Faulkner. A few hours after the ceremony the couple left for Jacksonville, Fla., their future home. We hope that happiness will come out of this union.

Basket Ball.

The Monticello Basket Ball team and several of its admirers arrived here Tuesday of last week. It had engagements for three games, and the first meet was at the Lindsey-Wilson Gym. Here the visitors were defeated in a very interesting game, the score standing 23 to 13 in favor of the Lindsey-Wilson. Quite a number witnessed the contest.

The fall down did not discourage the Monticello boys, who by the way were the best set of young players ever visited Columbia, all exceeding polite, showing that they were gentlemanly reared, and on Wednesday night they repaid to the High School Gym where they defeated the school team, the score standing 20 to 19 in their favor.

Thursday night the Visitors went up against Columbia's strong Athletic team, and while they lost the game it was exciting. The excellent deportment of the visitors, on the floor attracted the attention of the many who witnessed the contest. At the close the score stood, Athletics, 33; Monticello, 13.

COL. DANIEL TRABUE.

He and his party resisted and broke away, and, with the assistance of the men in the fort, who opened fire upon the Indians, succeeded in making their way back into the fort. The Indians, then carried on a siege very vigorously for some days, against the fort, but, finally, abandoned it, and a part of them came, as though to attack Fort Ligas but started without any serious efforts to capture the fort. It seemed, that their purpose was more to secure the horses and cattle of the settlers, than anything else. The conduct of Boone was viewed with great suspicion, and resulted in his being put upon trial, for high

treason, before the court martial at Fort Logan, near the present site of Stanford. Boone insisted that his purposes were loyal and true, and that his reason for advising the men at Blue Licks to surrender, was the only way to save their lives. He confessed, that he promised to aid the Indians in a foray against Boonesborough, and to use his influence to have the garrison to surrender, but, that he made the promises only to deceive them, and to make favor for himself and other prisoners, and had no intention of complying with his promises. He claimed, that his purpose in advising the party to go with him to attack the enemy while on their road to Boonesborough, and which movement barely escaped being a disaster, was, in his best judgment, to get an advantage over the enemy. The reason, he gave, for advising Calloway and the others to go out from the fort to a considerable distance unarmed to treat with the Indians, was because the enemy was so strong, that he thought, to make terms with them, was more preferable than to try to make, what he believed to be a hopeless resistance, which would infuriate the Indians, and cause the death of all. The court martial accepted Boone's reasons for his conduct, and acquitted him, but, the result of the trial was very unsatisfactory to Calloway and Logan, who were the strong and leading citizens in that part of the state, at that time. Col. Trabue was then a very young man, only seventeen or eighteen years of age, but, was present and heard the trial of Boone, and in his account of it, very quaintly adds, that he supposed, that Boone was always loyal and true, thereafter. This comment rather suggests, that Col. Trabue entertained doubts of the innocence of the old pioneer and woodman of the charges preferred against him. The circumstance shows the character of Boone, in a role, with which we

BOTH PARTIES IN CHILDREN'S DRIVE

Plan to Build Farm Home For Kentucky Waifs Supported By Candidates

A BUSINESS PROPOSITION

There are a number of things on which the Republican and the Democratic parties of Kentucky disagree, but there is one thing for which both are working during the turmoil just before election time.

It is for the campaign to raise \$300,000 to build the new "village of cottages" on a track of land ten miles from Louisville, in which to care for the destitute children of Kentucky. School children all over the state are contributing their savings for the new home.

"Anything that our own kiddies are for, is not to be overlooked by either party," declared one prominent candidate of the state as he closed a stump speech. "That is one reason why I am pushing for a drive, and that is why our opponents are doing the same. But that is not all the reason."

"The new Children's Home is a thing that is needed for our own public welfare. The present location is congested, and the surroundings are a detriment to the moral and physical welfare of homeless and helpless children of our state. They deserve good care under good surroundings, out on a wholesome farm where they can work and play under favorable conditions and become good citizens."

Business With Charity.

"It is a business proposition to put them where the older children can work and learn scientific farming and dairying, and make the institution self-supporting, and, at the same time, develop themselves so that they can be adopted into homes where they can become useful to the family and to the community."

"And it is a business proposition to every citizen in every county. The Kentucky Children's Home Society takes the destitute children from this very county and cares for them, where otherwise they would be kept at the county poorhouse, where they would be an expense to the county, in the first place, and a menace to us after they grow up as paupers under such sordid conditions. That was the way conditions were twenty-five years ago before the Kentucky Children's Society was founded. There may be charity in a thing like this — and it is charity in the case of the school children who are giving their savings for the cause, but for you citizens, for myself, and for my political opponents, it is a pure case of duty and sound business."

In some ways, however, the political situation is detrimental to the drive

according to George L. Schon, superintendent of the Kentucky Children's Home Society. In the turmoil of the campaign many prominent men of the state who otherwise would be devoting their whole time to the Children's Home Drive are busy in party work. The drive, which will take place from October 27 to 31, is right on the eve of the election, when the citizens of the state are keyed up to other interests.

Methodist Church Enters Ypres and Brussels

GREAT MEMORIAL CHURCH WILL BE ERECTED IN DEVASTATED BELGIAN CITY.

Is to Be Center of Large Enterprise On the Part of South-erners.

Nashville, Tenn.—A great Methodist Church, erected and maintained by the Methodist Episcopal Church, South will be erected amid the ruins of Ypres, in Belgium. This was stated by Dr. W. B. Beauchamp, director general of the Centenary Commission who, with Bishop James Atkins, the bishop in charge of European mission fields, just returned from Belgium.

The city of Ypres, terribly devastated, will not be rebuilt in its entirety. The once magnificent Cloth Hall, the finest in the world, the Cathedral, the town hall, the churches, and other large ruins will be left as a perpetual memorial.

On these the city mayor has caused signs to be erected reading: "This is holy ground. No stone of this fabric may be taken away. It is a heritage for all civilized peoples."

A City of Memorials.

Ypres is a city of memorials. The British government has selected a site and will erect a great museum as a monument to her fallen heroes.

Similar buildings will be built by Canada, New Zealand, Australia and Belgium.

In the midst of these memorials the Southern Methodist Church will be erected. It will contain a library, reading room and social equipment, in addition to its auditorium and class rooms.

"Ypres will always be a mecca for travelers," said Dr. Beauchamp. "Thousands and millions will flock to

It begins to look like the United States will have business with Mexico.

Congress re-convened Monday. The President's message will be read to the body this (Tuesday) morning.

A gentleman named Elliott, of London, Ky., has been appointed Supervisor of the Census in the Eleventh district, to supersede J. N. Meadows, deceased.

If it was not for the dark element of the Republican party, what a Democratic State Kentucky would be. Yet the winning card of the Republican party saws wood and draws a blank.

Robt. C. Gilbert, of Louisville, thought he had a good thing. He drew his check for \$450 and handed it to a sharper for what he thought was whisky, as he had sampled the goods. The sharper went to the bank, cashed the check and flew away. Gilbert knocked the head out of the barrel and found that its contents were all water, but a small amount of whiskey fastened in a bucket inside the barrel.

Frankfort will be alive on Tuesday the 9th of this month. Mr. Morrow is to be inaugurated Governor on that day. The Eleventh district will send the largest delegation. It will not be but a few days now until the incoming Governor will have the opportunity to fulfill the many promises he made the people during his canvass. The public can do nothing but wait and see.

On account of the high price of print paper, a number of publications have suspended. Those that have not quit have raised their subscription price to \$2.00. The News has paper enough to run a year which it bought at \$6 per hundred, and may be at the end of one year material will be cheaper. It is now \$7.20 per hundred. It matters not what conditions may be in the price of stock, The News will continue to be published every Tuesday.

Congressman Cantrill has written a friend at Lexington, stating that he will not oppose J. C. W. Beckham for United States Senator, but will stand for reelection to Congress from the Seventh district. Senator Beckham has never been defeated before the people, and is more popular today than at any time in the past. He will succeed himself notwithstanding the Democrats of the State are a little over the last election.

Gradyville,

Tobacco stripping is in full swing down in this section.

James Hoy and family and G. T. Flowers and wife will move to Columbia in a few days.

There has been only a few hogs slaughtered in this community up to the present. Our farmers report their hogs fat and only waiting for colder weather.

Our farmers are all about through gathering their corn crop, and we are glad to report that every one reports, a greater yield than they anticipated, and no serious damage done by the recent continued rains.

Mr. Grady suffers a great deal from catarrh, and he informed us that if he did not get permanent relief soon, he intended to close out the larger part of his stock business and go to some health resort.

Messrs. Dudley & Sons, the well-known mill men, of this place, have bought a big lot of fine corn, storing it away to bread the people next summer. We think they are taking a proper view of the matter, when we recall how difficult it was to buy bread corn during the past summer. They paid \$8.50 per barrel for select bread corn.

We are having a number of cases of typhoid fever and measles in this section of the county at this time. As we have only one doctor, he has not had time to eat or sleep for the past month. Up to this time we have had only one death. A son of Mr. and Mrs. George Burris, on the 28th of November. Several other members of their family are confined to their rooms, but it is hoped the worst is over.

The untimely death of Everett Montgomery brought much sorrow to the people of Gradyville, an account of which was published in last week's News.

Rev. Kelly and Judge Francis, of Campbellsville, were in our midst on last Sunday. In the forenoon, Rev. Kelly delivered a wonderful sermon on the great drive that is now on before our Baptist brethren. At the noon hour a bountiful repast was served on the ground, and in the afternoon Judge Francis delivered a most interesting lecture along the same thought. We must say here our brethren responded liberally. We take it that they will go to their allotted quota.

OFFER OPINION TOGETHER WITH FACTS OF TRIAL.

Mrs. Wilms, Freed of Troubles Endured Since Childhood. Lauds Trutona.

Louisville, Ky., Dec. 2.—"If every preparation advertised as a remedy were as honest in purpose and practice as Trutona, I feel confident there would either be fewer medicines or a lesser number of sick people," Mrs. W. Wilms, a well-known Louisville woman of 35 North Adams street, said recently.

"I have suffered from stomach trouble, since childhood," she continued. "Since last July I've been able to rest only three or four nights out of a week. The others, I passed sitting in a chair. Contracted muscles caused me terrible pain. I had no appetite and at times couldn't eat anything for two or three days. I was nervous and so weak I could hardly get around. My terrible suffering finally caused a brief spell of insanity."

"I have finished my fourth bottle of this excellent preparation, Trutona, and I no longer experience the terrible pains and can enjoy a good night's rest once again. My nervousness is almost entirely relieved and for the first time in a year I'm able to do my own housework. I have a fine appetite now, eat everything without the least bit of trouble afterward. Knowing what Trutona has done for me I cannot recommend it too highly."

Trutona is now being introduced and explained in Columbia at the Paul Drug Co., and in Cane Valley at Chas. F. Paxton's drug store.

AROUND THE WORLD WITH THE AMERICAN RED CROSS.

In Italy.

Arriving at one of the most critical stages of the war, when the Teutons were forcing the Italian army back to the Piave, the American Red Cross rushed emergency relief from Paris and revived the drooping spirits of the whole country. In addition to furnishing rations and comforts and medical attention to the fighting men, the American Red Cross instituted 42 soup kitchens, 36 children's hospitals, 10 children's dispensaries, 14 artificial limb factories, five homes for refugee children, 10 rest stations for refugees.

This photograph shows a group of Italian refugee children being fed by the American Red Cross at one of the numerous relief stations.

AROUND THE WORLD WITH THE AMERICAN RED CROSS.

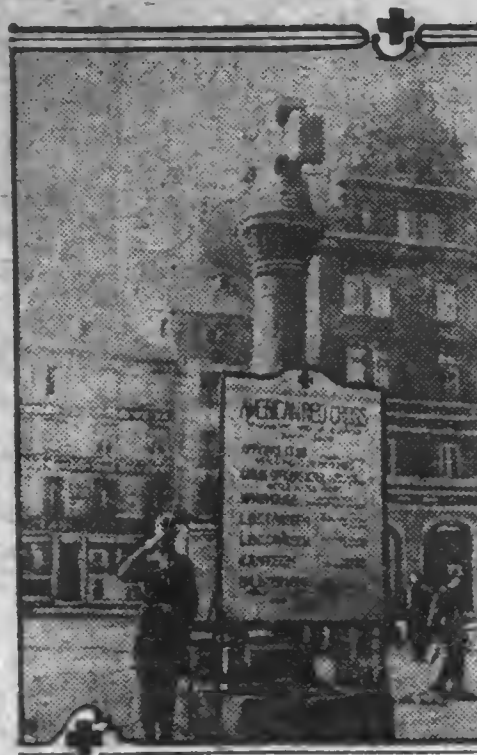

In Roumania.

United States in the war the successes of the Central Powers in Roumania had reduced that country to a most tragic condition and in the summer of 1917, the American Red Cross despatched its first Roumanian relief contingent. Two hospitals were at once taken over and operated by the Red Cross, a canteen for the starving refugees established and food and clothing distributed over a large area. Transportation was one of the toughest problems with which the Red Cross workers in Roumania had to deal. Here is seen an oxcart used by the Red Cross to carry its relief supplies up into the mountains.

AROUND THE WORLD WITH THE AMERICAN RED CROSS.

On German Soil.

In the City Square of Treves, Germany, headquarters of the allied military forces, an ancient cross surmounted monument marks the city's center of traffic. For this reason American Red Cross officials converted it, as shown by this picture, into a directory of all Red Cross activities in the city.

that battlefield. Our Church will not only minister to the people of Ypres and the surrounding territory, but it will also serve these visitors."

Great Plant in Brussels.

The Methodists have also purchased a great building in Brussels, which will be their headquarters for Europe. It will contain offices, an auditorium, reading and lecture rooms, a publishing plant and social equipment.

The general secretaries of the two Protestant bodies of Belgium, the state Church and the free Church, will have offices in this building, thus making it the Protestant center of Belgium.

Southern Methodists have also purchased a half interest in the Protestant hospital of Brussels. It will be enlarged and its capacity will be doubled.

Relief Stations Established.

Dr. Beauchamp reported that thousands of children will freeze to death this winter, because the Germans flooded the mines and filled them with concrete, thus making it impossible for the people to obtain fuel.

"Children, with their mothers," said Dr. Beauchamp, "are now living in the abandoned trenches and dug-outs left by the enemy."

In order to cope with the situation the Methodists have arranged to open relief stations at Ypres, St. Quentin, Montdidier, Belgrade and other points.

A full contingent of physicians, nurses, directors and social workers will be sent abroad as soon as they can be found.

The Church has a fund of \$5,000,000 for European construction work. This will be spent in Serbia, France, Belgium, Poland and Bohemia.

The first words I heard, I said quietly into a nearby seat, were "National Biscuit," recalling pleasantly my own tasty Uneeda Luncheon. I liked her, and settled down to my work. She was a woman of about forty, with a face as bright as the day when we had first met. "Between the dark and daylight," she was quoting, "there's always a bit of pause."

REMOLD NEW WORLD TASK FOR NATIONS

MUST BE DONE WITH ALL
PEOPLE "ON THEIR NERVES,"
DECLARES DR. J. R. MOTT.

TALKS TO STATE Y. M. C. A.

Plastic From War's Blasts All the
Nations Can Be Shaped to
New Ideals.

After an absence of twenty years, Dr. John R. Mott, of New York, the General Secretary of the International Committee of the Y. M. C. A., was the guest of Louisville and Kentucky on the occasion of the state-wide conference on the second of the month. Dr. Mott was given a remarkable reception, and in the opening words of his address at the evening dinner, precipitated a volume of cheers and great enthusiasm from the three hundred and fifty people in the spacious auditorium of the Seelbach Hotel.

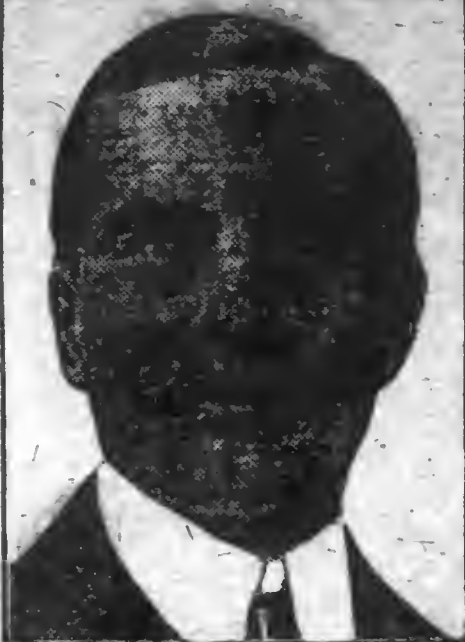

"We have come out into a new day, a day of citizenship, and we'll follow our President in this great undertaking of reaching out to help the nations of the world," he declared. His ex-

pression brought a storm of applause, which grew into loud cheers of enthusiasm. Continuing, Dr. Mott paid a glowing tribute to the hard work, unselfishness and sacrifices of President Wilson. He spoke touchingly of the adverse news from Washington concerning the condition of the chief executive, and asked that he be specially remembered in the prayers of the audience that "God would spare him to the American people in a time when he is so sorely needed."

"I think if he could be here tonight and hear your cheers he would be heartened," Dr. Mott said.

Allies Want Y. M. C. A. in Armies.

In his discourse Dr. Mott disclosed that every one of the allies of the United States, to the number of twenty, have expressed the desire to have the Y. M. C. A. established in their standing armies as a result of the observation of its workings in the American army, and it only remains for the

John R. Mott.

United States Senate, he said, to decide that this country will "try the experiment" of running the army without it. He predicted that it will be an experiment of short duration, and that the "Y" work will be resumed on the old basis before a great while.

Dr. Mott addressed six meetings Thursday, completing a strenuous day, and leaving that night for Cincinnati, reaching Washington City the following Saturday for an important conference.

The luncheon meeting for state secretaries and district chairmen was widely representative of Kentucky, according to the word of State Y. M. C. A. officers, and the dinner meeting in the evening was equally representative of Louisville. The quota of this city in the coming campaign, \$41,000, was announced.

The luncheon was presided over by L. L. Anderson of Louisville, the president of the State Y. M. C. A. and campaign chairman. General Chas. P. Summerall, Commander of the First Division, the famous "Fighting First in France," and new commander of Camp Taylor, was the first speaker of the program and the first appearance of the general as a speaker in Louisville.

"I am no speaker," said General Summerall, "but anyone is able to talk on such a subject as the work of the Y. M. C. A. in the war."

General Summerall spoke eloquently on the great service the Y. M. C. A.

Certain-teed

Roofing

Certain-teed renders a war service.

Certain-teed saves war supplies, because it is made of materials which have no use in war products. It serves war needs because it provides our armies, and peoples everywhere, with efficient, economical roofing.

Certain-teed saves war transportation, because it is so compact that it takes minimum car space, and so easy to handle that it requires the minimum time to load and unload.

Certain-teed saves war labor. It can be laid in less time than any other type of roof, and no skill is required—anyone who will follow the simple directions that come packed in the center of roll can lay it correctly.

The durability and economy of Certain-teed are recognized the world over, as proved by its enormous sale. It is now the standard roof

for factories, office buildings, hotels, stores, warehouses, garages, farm buildings, etc.

Guaranteed 5, 10 or 15 years, according to thickness. Sold by best dealers everywhere.

They Win You On Quality!

Your enjoyment of Camels will be very great because their refreshing flavor and fragrance and mellowness is so enticingly different. You never tasted such a cigarette! Bite is eliminated and there is a cheerful absence of any unpleasant cigarette after-taste or any unpleasant cigarette odor!

Camels are made of an expert blend of choice Turkish and choice Domestic tobaccos and are smooth and mild, but have that desirable full-body and certainly hand out satisfaction in generous measure. You will prefer this Camel blend to either kind of tobacco smoked straight!

Give Camels the stiffest tryout, then compare them with any cigarette in the world at any price for quality, flavor, satisfaction. No matter how liberally you smoke Camels they will not tire your taste!

rendered, and said in substance:

"The crowning inspiration of the Y. M. C. A. was sending the splendid women, who brought the spirit of the mothers and sisters to the soldiers. They sustained the splendid morale of the army and were a real factor in winning the war."

Mr. P. C. Dix, the State Secretary, made a ringing statement of the actual achievements of the State Y. M. C. A., dwelling upon the results secured by the district scheme of organization. He said there is a Y. M. C. A. secretary competent and experienced in Y. M. C. A. work and a committee-back of him, for every ten counties in the state. This plan has been in actual operation for the past two years and is not a piece of imagination caused by the war and presented as paper plans. The work presented in the State Y. M. C. A. publication, "At It for Seventy-five Years," was a real report of statewide activities that represented the entire state. "Our machinery," he said, "makes it possible for us to carry a message to every high school in the state in a period of eleven days, and if it were not for so one of the places some of you come from, counties that have no railroads in them, we could make it in less time than this." "Now our most timely question is," he continued, "will you make it possible for the State Y. M. C. A. to maintain and extend its scheme of work so as to care for the needs of young men and boys in the small counties of the unorganized fields, or will it be compelled to reduce its organization to such an extent that some other organization will come in whose motive will be other than the religious one."

Following Mr. Dix, Rev. R. T. Nooe of Frankfort eloquently advocated the policy of the Y. M. C. A. occupying the entire field and offered a motion to that effect; seconded in an equally earnest and eloquent tone by Glibney Oscar Letcher, an attorney of Henderson. "On the call of the campaign director, C. A. Tyebeugh, every district from the 'Purchase' to the Big Sandy reported organization and a hearty acceptance of their quota of the statewide objective."

Dr. Mott's Address.

John R. Mott's address was one of the most impressive discourses ever delivered in Louisville. The distinguished American was introduced by Dr. E. Y. Mullins, president of the Southern Baptist Theological Seminary, who, in presenting the guest of honor, called attention to the many conspicuous positions of leadership which Dr. Mott has occupied. Among these were head of the Student Volunteer Movement for years; head of the organization of the International Y. M. C. A.; head of the War Work Council of the Y. M. C. A., and head of the Edinburgh Conference. "Though a layman, Dr. Mott is the outstanding religious figure of the day, because the fire of his spiritual devotion burns so strong and so bright in the midst of a practical life," concluded Dr. Mullins.

Dealing With a New World.

"I remind you that you are dealing with a new world—a shaken, quivering world—a world in which pillars that were deemed pillars of strength and were pointed to with pride, have crumbled to dust at our feet," said Dr. Mott, after a brief preliminary which explained that he had for the past thirty-one years been "cruising" over the world on missions of brightness in

world's six continents; that he had visited the war zones of Europe six times during the course of the world war and had traveled 7,000 miles on the eastern front.

Continuing, the speaker said: "It is an impoverished world also, for up to six months ago it had cost over 280 billions of dollars; it is an exhausted world both economically and vitally, as demonstrated by the 11,000,000 graves that have been filled because of the struggle; and it is still a sorrowing and suffering world, for in all my six visits to the war zones I spent much of my time in the homes, and not one that I can recall but had been visited, once, and often many times, by the dark shadow of death."

The World is "On Its Nerves."

Dr. Mott said that the people everywhere impressed him as being "on their nerves" and in a state of irritability, which is productive of criticism. He declared that it is a wonderful time to live when a whole world is accessible to new ideas. Comparatively speaking, it is an unselfish world too, he said, for although it is not so unselfish as it was a year ago, or two years ago, it is far more unselfish than before the war.

"I had thought that I might see one of two nations plastic, but I never thought to see a whole world molten and plastic as is the world today—but it will set, and set hard in a new mold, and this is the golden opportunity of an organization like the Y. M. C. A., which can render a unique service at this time because of its contact with both capital and labor in the industrial unrest. Its forward looking program in the development of young manhood physically, intellectually, and spiritually, can be a determining factor in the molding of the nations, for I have been thrown with the leaders of many of the nations, and none of them are sure that they

know the way to deal with the world, too, for today which is to deal with the world."

Prayer. "I am sure you are now far reaching this program may be. Because of this, I would like to say that by a peculiar circumstance, I have been able to get a larger view—a setting as it were—on the effect of just what such an enterprise may accomplish; by reason of the fact that I have traveled in every country in the world, have been associated with the peoples and leaders of so many nations, and have watched the virus of Bolshevism, which seeks to cleave the nations into class hatred, spread over Europe and the United States. I would say that you can have no conception of the multiplying possibilities of this program; or of the healing possibilities of its application. It is a pivotal campaign. There will be new energies released. It looks into the successes and visions of the churches."

Army "Y" Men Elect.

The Army Y. M. C. A., attending the conference, about 100 in number, met in the afternoon and organized the Army Y. M. C. A. Club. Harry V. McClesney of Frankfort was elected president; Glibney Oscar Letcher of Henderson, vice president, and L. J. Darter of Louisville, secretary and treasurer.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royce City, Tex.—Mrs. Mary Kilborn, of this place, says: "After the birth of my little girl... my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me... but I got no better. I got worse and worse until the misery was unbearable... I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.

Thanksgiving was generally observed here. The services at the Methodist church were largely attended, and the sermon, by Rev. R. V. Rennett, was full of interest. The song service was also enchanting.

It rained constantly during last Tuesday night and until the middle of the day Wednesday. The water courses were out of banks and Pettits Creek was higher than for several years.

Editor News:— I am a reader of the Adair county News, and I enjoy reading the letters from home and other places. I thought perhaps some one would be interested in read-

ing a letter from this city. Husband and I and little son, Clyde, left Kentucky, for this place, September 11, 1918. I came here for my health, and I feel that I have been greatly benefitted by coming. We like fine, and I think it is the greatest on earth except Kentucky. We have nice weather here in Summer. We had our first snow Friday night November the seventh, there is still plenty of snow on the ground and the mountains are covered in snow. I must say something of my trips to the mountains. We would go sight seeing in the summer. We went to the Cave of the Winds, it sure is a beautiful place, and we visited the Garden of the Gods and the Ballanced Rock, Steam boat Rock, we saw the petrified Indians. We took a trip to the South Cheyenne Canon and Seven Falls. A Mr. and Mrs. Jones were with us, and we went on the street car as far as Strat-on Park and we preferred hiking from there, as it was only about one mile and a half from the car line and when we reached the Falls there were 287 steps leading to the top, being a height of 300 feet. We went to the top of the steps and took our lunch and spent the day up there. We had a nice time, although we were very tired when we reached home in the evening. I will write again some time if this happens to escape the waste basket I will close with best wishes to the News and all my Adair county friends.

Respectfully,

Rena Bryant.

The entertainment at the school house was largely attended. They had about twenty stage pieces and good music by the Wilson string band.

A series of meetings have begun at the church, conducted by Bro Thompson.

There are lots of land deals through the country. A farm changes hands most every day.

Most of the boys, who went North in the spring are returning home. They say that work is good.

There have been several hogs knocked down this last cold spell.

Most of the farmers are through gathering corn. They are pleased with the crop.

Here are the names of three of the oldest men there are in Adair Co. Daniel Mooneyham, age ninety-three; Lewis Moore, age ninety; Joel Moore, age eighty-five. They are all well and happy.

There are plenty of masts around here and the squirrels are fat, but not many killed.

Next Door to The Adair County New Office.

Let home stand before all other things! No matter how high your ambition may transcend its duties, no matter how far your influence may reach beyond its doors, before everything else build a true home! Then from its walls shall come forth the true woman and true man, who shall together rule and bless the land. Is this an over wrought picture? We think not. What honor can be greater than to found such a home? What dignity higher than to reign its undisputed mistress? What is the ability to speak from a public platform to large, intelligent audiences, or the wisdom that may command a seat on the judge's bench, compared to that which can insure and prelude over a true home, that husband and children "rise and call her

blessed? To be the guiding star, the ruling spirit in such a position is higher honor than to rule an empire.

Did you ever stop to think that there are two kinds of criticism—destructive and constructive? And before we offer criticism of our town or the people in it, we should stop to consider under which class our words will fall. If we decide the criticism is destructive, we should not utter it. But if it constructive, if it offers something better, then we should not hesitate, either because of being criticised ourselves, or because of any other reason, to give our criticism. We should try to better our surroundings when possible, not by means of ruthless, de-

structive criticism, but by giving voice to well-founded plans of improvement.

"Quit Knocking."

"Talk about the advantages of your town instead of trying to figure out the disadvantages. Speak of the bright side of your business instead of the imaginary dull side. There is nothing that goes without being propelled. You injure yourself, your business, and your town by getting into the dumps. When your liver is out of order, go to the woods, or some hiding place, until you are better. The world looks blue to a man with a bad indigestion. Cure yourself first, and then everything else will appear all right."—From the Olney Advocate.
